SUBJECT: Communist Front Activities on the Arabian Peninsula

1. This is an attempt to summarize the available overt and covert material on the subject. Nowhere in the Near East are Communist and Communist front activities less clearly defined. It is hoped, therefore, that this paper will stimulate further investigation of the subject and that the results of these investigations will be made known to us.

2. Except where the information is described in the text as confirmed or overt, it has not been found practicable to try to evaluate it. It must therefore at this stage be regarded as tentative only.
